ABOUT IAStructE

Indian Association of Structural Engineers (IAStructE) is the national apex body of structural engineers in India established with the objective to cater to the overall professional needs of structural engineers. The association has become the source of expertise and information concerning all issues that involve structural engineering and public safety within the built environment. It has no commercial aim or objective.

IAStructE is purely a professional learned society with the prime objective of supporting and protecting the profession of structural engineering by upholding professional standards and acting as a mouthpiece for structural engineers.

IAStructE endeavors to ensure that its members develop the necessary skill in structural engineering and work to the highest standards by maintaining a commitment to professional ethics and standards within structural engineering.

IAStructE strives for continued technical excellence; advancing safety and innovation across the built environment. It also strives to make available to the Government, Public Sector and Private Sector - a credible source of well qualified and experienced Structural Engineers. A nationwide database of Structural Engineers has been compiled and is being constantly updated.

IAStructE undertakes a broad range of technical activities which are aimed at information sharing and capacity building. The association provides opportunity for all the members to develop various skills in structural engineering and helps members to be at the forefront of structural engineering practice. Towards achievement of its aims and objectives, IAStructE is engaged in organizing the following:

CPD Courses for Professionals at all levels
Refresher Courses for Fresh Graduate Engineers
Student's orientation program
Seminars/Workshops
Technical Lectures by Experts
Technical Discussions on Contentious Issues

IAStructE is currently operating from four regional / state centres. These regional centres located in the Eastern, Western, Northern and Southern parts of the country effectively cater to the professional needs of members residing/practicing all over the country.

BENEFITS OF JOINING IAStructE

Membership of IAStructE is a sought after professional accreditation. Your membership of IAStructE can help you enhance your intellectual, academic, technical and professional status. It provides inter connectivity to the fellow professional and the fraternity. Some of the benefits of membership is provided below:

- a. Complimentary magazine subscription: All members (except Student Members) receive a complimentary subscription to the Institution's flagship publication "STRUCTURAL ENGINEERING DIGEST" (SED). Published quarterly, each issue allows members to remain connected to the association through the provision of technical papers, Industry and Institution News, Featured articles, Professional Guidance on everyday matters affecting the practicing structural engineers.
- b. Access to all Technical Lectures, organized every month, at no charge.
- c. Access to Technical Discussions held regularly
- d. Access to the association's library (Including e-library)
- e. Discounts in attending Seminars and Workshops organized by the association
- f. Full on-line access to the current volume and entire e-archive of journal "Structural Engineering Digest (SED)", Refresher Course Materials, Technical Lectures, E-Newsletters and other Technical Resources of the association.
- g. Opportunity to network with professional structural engineers of eminence and to meet potential employers in the association.
- h. Opportunities for professional development

HOW TO BE A MEMBER ?

IAStructE membership is restricted to professionals of proven competence and credibility. Depending upon age, qualifications and experience, IAStructE members are classified into following categories:

Grade	Eligibility
- Fellow	Civil Engineering Graduate with age over 42+ years and minimum 20 years experience
- Member	Civil Engineering Graduate with age 32+ years and minimum experience of 10 years
- Associate	Civil Engineering Graduate with Age 22+ years.
- Student	3rd and 4th year Undergraduate Civil Engineering Students.

Every applicant for election to membership in any grade shall pay the Processing Fee along with his/her application form. Once the application is accepted by the Governing Council, the applicant has to pay the Admission Fee (one time) and Annual Subscription Fee (Annually) for retaining the membership. The Members in Fellow or Member grade can opt for compounding their annual subscription for Life by paying a onetime Life Membership Fee.
